All those who enroll for Commuter in the current benefit year and on-going will receive a WEX, Inc. MasterCard debit card that will house their elected funds month to month.

The debit card will be front loaded at the beginning of each month with your elected amount(s). You can use the debit card to purchase your monthly passes, vouchers or to load your personal Transit Authority account. It can also be tied to your Uber or Lyft accounts for use with eligible shared rides.

Your new WEX, Inc. MasterCard debit card will be mailed by the card provider in a plain white envelope with a WEX, Inc. return address. You will receive one (1) card as the plan participant. The benefits card is valid for up to three (3) years. You may request additional cards, mark card lost/stolen from the reimbursement portal.

Please note: This is a stacked card that allows you to access all reimbursement accounts (e.g. Health Care flexible spending account, if elected).
