COVERAGE AND BENEFITS

Q. How does Group Whole Life Insurance work?

A. If you or a covered family member dies while the coverage is in force, a death benefit will be paid to the designated beneficiary. If you or your covered spouse survives to maturity and the coverage is still in force, the net surrender value is paid to you and coverage terminates.

Q. What is the age range for coverage eligibility?

A. You and your spouse can sign up for coverage between the ages of 18 and 70. Your children are eligible up to age 25.

Q. When does coverage for me and my dependents begin?

A. Coverage begins on the coverage effective date as shown on your coverage certificate.

Q. How does the Accelerated Death Benefit for Long Term Care Rider work?

A. If you or a covered family member is certified by a physician as chronically ill, as defined in the rider, and receives qualified long-term care services, you can claim an advance of the death benefit as a monthly benefit after a 90-day elimination period. Please refer to your rider and its disclosure form (AWD13513 or state variations thereof) for more details.

Q. How much of the death benefit will I receive to pay for long-term care services?

A. To help pay for long-term care services, you will receive a monthly payout of 4% of the death benefit for up to 25 months.

Q. Does the Accelerated Death Benefit for Long Term Care Rider qualify me for an exemption from contributions to my state's long-term care fund?

A. Several states have created trusts to pay long-term care benefits for qualified residents; typically, the trusts are funded by a payroll tax. Residents may be able to claim an exemption from the payroll tax if they have qualified long-term care insurance in place by a specific deadline. Each state's criteria for exemptions are different; please refer to this [list of state programs](#) for more information about your state.

Q. What additional coverage is included?

A. In addition to the Accelerated Death Benefit for Long Term Care Rider, your employer is also offering the Accelerated Death Benefit for Terminal Illness or Condition Rider (included with your coverage) and the Children's Term Rider (optional to add).

Q. How does the Accelerated Death Benefit for Terminal Illness or Condition Rider work?

A. If you or a covered family member is certified by a physician as terminally ill, as defined in the rider, you can receive an advance of up to 75% (but not more than \$100,000) of the death benefit. Please refer to your rider and its disclosure form (AWD13513 or state variations thereof) for more details.

Q. How does the Children's Term Rider work?

A. This rider pays a benefit upon the death of a covered child if they die before they reach age 26 while the rider is in force. Each child's coverage under the Children's Term Rider can be converted to an individual life insurance policy when the child is no longer eligible under the rider.

Q. What if I already have Term Life Insurance?

A. Your employer may provide Term Life Insurance as part of your benefits package, but Term Life Insurance only provides coverage for a certain time period, and only protects your family should you pass away within that period. Group Whole Life Insurance in addition to Term Life Insurance can provide wraparound coverage, helping to give you peace of mind because the money you spend builds cash value that you can use later in life. With both Term and Permanent Life insurance coverage, you can help protect yourself and your loved ones throughout the various stages of life.

DEPENDENTS

Q. Who can be covered under the policy?

A. Coverage is available for you, your spouse, and your children.

Q. What is the maximum dependent age that employees can request coverage?
