

Welcome to OptumRx

We are here to help you live your healthiest life.

Welcome to OptumRx. **January 1, 2025**, we'll manage your pharmacy benefits plan for Exact Sciences. We know change can be hard. We also know how important your pharmacy benefits are to you. OptumRx provides easy and cost-effective ways for you to get the medication you need.

Filling prescriptions with OptumRx will be easy.

Use OptumRx® home delivery.

Get medications you take regularly through the OptumRx home delivery service:

- Order up to a 3-month supply
- Pharmacists are available 24/7
- Set up medication reminders
- Medications are delivered to your mailbox—with free standard shipping

Pick up at the pharmacy.

Use our large pharmacy network to fill your new and existing prescriptions.

Take a specialty medication? We'll take care of it.

At Optum® Specialty Pharmacy, we offer the resources, programs and clinical support you need to manage your specialty medications with confidence.

Manage your medications online.

After coverage starts, use our mobile app or website to help manage your medications. You'll be able to find a network pharmacy, check medication coverage, track home delivery orders and much more.

We're here to help.

Here are a few helpful resources in case you have questions before or after your coverage begins.

Phone: **1-844-579-7790**, 24 hours a day, 7 days a week

Use **optumrx.com** and the OptumRx app. We'll also be here for you by phone any time you have questions.

Some easy things you can do today **before** your coverage begins.

You can do a few things now to help make the most of your plan once it starts.

- Tell your doctor that OptumRx will be your new pharmacy benefit manager for refills and future prescriptions
- Understand brand-name vs. generic medications and how they affect cost
- Understand your coverage and what you need to do to get your medication

We'll be with you every step of the way.

Throughout the year, we'll send you helpful information so you can feel confident managing your medications and your health. Watch for:

- Information about your medication and any action you may need to take
- Information about clinical or home delivery programs your plan may offer

What you can do **after** your coverage begins.

Take advantage of convenient options that make it easier for you to get your medication.

- Register for an account and manage your medications online
- Download the OptumRx app to manage your medication on the go
- Locate a pharmacy in your plan's network near you on the OptumRx app or on **optumrx.com**. Remember to present your member ID card at the pharmacy counter
- Use the pricing tool on the OptumRx app or on **optumrx.com** to see how much your medication will cost
- Learn about our home delivery service to see if it's right for you

Your pharmacy benefits at a glance

	30 days	90 days
Tier 1 (generics)	\$10	\$20
Tier 2 (brands)	\$30	\$70
Tier 3 (non-preferred brands)	\$50	\$125
Tier 4 (specialty)	\$100	N/A

For High Deductible Health Plans, a 10% **coinsurance** will apply after the deductible is met.

Helpful terms to know

Claim: A request from you or a provider asking the plan to pay for a medication or health service.

Formulary: A list of the most commonly prescribed medications.

Network pharmacy: Pharmacies that can submit claims directly to OptumRx. Using a network pharmacy may help you save money.

Prior authorization: An approval you or your doctor obtains before you can get coverage for certain medications. The review process helps make sure the medication you're taking is appropriate and effective for your condition. Check your formulary to find out if a medication you take requires prior authorization.

Quantity limit: A limit on the amount of a medication you can get at one time. Certain medications have quantity limits for quality and safety reasons. Check your formulary to see if a medication you take has a quantity limit.

Step therapy: Trying a less expensive medication before one that costs more. Check your formulary to see if your medication is subject to step therapy.
