

Right Start 4 Kids®

100% coverage

No deductible

In-network providers

Healthy smiles and
bright futures

Did you know that cavities are the most chronic childhood disease?

Cavities are five times more common than asthma. Children with pain from tooth decay may miss more school and have lower grades than their peers, not to mention the lost work hours for parents. But cavities are nearly 100% preventable, and it's easy to protect your child's oral health and ensure better overall health.

The right start for a bright future

Right Start 4 Kids from Delta Dental is a benefit that helps remove cost barriers to dental care for children up to age 13. This program provides 100% coverage for diagnostic and preventive and basic and major services, with no deductible, when you visit an in-network dentist.* Coinsurance levels apply when visiting an out-of-network dentist.**
